

Press release

For immediate release:

What are your experiences of NHS Podiatry and Chiropractic Services in Shropshire?

Healthwatch Shropshire wants to know what people think about NHS podiatry services in the county. Feedback will be used to build up a picture about variations in ease of access, how happy people are with the quality of treatment they receive and issues to do with waiting times, for example.

Healthwatch Shropshire is keen to ensure that feedback given by members of the public plays a key role in the future provision of podiatry services. Feedback will be shared (anonymised) with those who provide, commission and regulate NHS podiatry to ensure that the system works for everyone.

Jane Randall-Smith, Chief Officer of Healthwatch Shropshire, said: “Podiatry is an essential service used by many with long term health issues such as diabetes. We want to ensure that podiatry professionals and service providers in Shropshire better understand people’s experiences.”

Healthwatch Shropshire can also signpost patients to accurate and useful information about where to go for dental treatment and what they can expect.

To contact Healthwatch Shropshire for signposting or to share an experience about a local service phone 01743 237884, email enquiries@healthwatchshropshire.co.uk or go online www.healthwatchshropshire.co.uk. The more comments received the more influence Healthwatch Shropshire has to improve services for local people.

Healthwatch Shropshire is the independent health and social care champion for people in Shropshire. It gathers the views and experiences of patients, carers, and the general public about services, including hospitals, GPs, mental health services, community health services, pharmacists, dentists, opticians, residential care and home care services. It then makes reports and recommendations about how these services could or ought to be improved based on the information received from members of the public. This is shared with providers and commissioners of services who have a statutory duty to listen to Healthwatch and act on the information it shares with them.

Ends

Notes for Editors:

Healthwatch Shropshire is one of a network of 148 Local Healthwatch in England. It is supported by a national organisation, Healthwatch England.

It has a team working in community engagement, plus a volunteer programme, a visit programme to health and social care premises, an advocacy service and an associate membership scheme to involve the public in its work. It also has a signposting service to help people access health and social care services and support.
