

Shropshire, Telford and Wrekin Dementia Action Alliance

A survey of people affected by dementia

Shropshire Telford and Wrekin Dementia Action Alliance is a voluntary group and exists to make our communities more understanding of living with dementia, and to reduce the barriers that make life difficult for people affected by dementia.

The purpose of this survey is to find out from you your preferred priorities for our work.

Your responses will be used at our meetings to prioritise our work for the next two years and we will share those priorities with you via our Facebook page.

We will publish a report on the findings on our Facebook page.

Please complete the survey and return it, either by giving it back to the person who gave it to you, or by posting it to:

“Stwdaa “
c/o The Alzheimer’s Society
The Glebe Centre
Wellington
Telford

You can also complete the survey online at:
